CITY AFFAIRS.

In City Council, Feb 20, 1854.

Petitions referred—

Of Benjamin Parker for repair of culvert on Ohio street, (to Committee on Streets.)

Of Palmer & Clement for allowance for injury to coach caused by defect in Highway, (to Committee on Accounts and Claims.)

Reports accepted—

Of Committee on Public Schools on claim of Allen Marden for value of electrical machine.

Of Committee on By-Laws and Police Regulations, upon the Ordinance for a permanent addition to the Police of the City, that said Ordinance be indefinitely postponed. (This Ordinance was indefinitely postponed by the Board of Aldermen, and passed to be engrossed by the Common Council, and lastly laid on the table in the Board of Aldermen.)

Of Special Committee on the petition of Messrs. Hinckley & Edgery for the City to sell them a part of the City Farm on the south side of Hampden road. (This report recommends the above sale at the price of $50 00 for about six acres of land.)

Of Special Committee on the petition of the Penobscot and Kennebec Railroad Company in relation to an alteration in the bridge structure on the Hampden road.

Of Street Engineers laying out an Avenue road to the Fuller road, and said road was established.

The Report of the Street Engineers on the laying out of the east part of Warren street, was referred to the next City Council.

Orders passed—

To pay Allen Marden $40 for his claim for electrical machine.

For the election by the City Council of an Agent to arrange with the Penobscot and Kennebec Railroad Company, and report to the City Council a plan for the settlement of all questions connected with the City Farm, the quantity of land taken by said Company, and the damages to be paid, and the mode of crossing the same, and the modification or entire or altering the Hampden road to accommodate the said Company. Passed by the City Council, and indefinitely postponed by the Board of Aldermen.

Directing the Street Engineers to make the alterations in the Bridge structure of the Penobscot and Kennebec Railroad Company as payed for by said Company, was passed by the Board of Aldermen and laid on the table in the other Board.

A Communication from the Superintending School Committee in relation to an increase of salaries of Teachers for the last two Terms of the present year, was taken from the table and ordered to be placed on file.

Adjourned two weeks.

☞ A few days since, we published the death, in this city, of a worthy man, a mechanic, who has been sick for a long time, with a family consisting of a wife and several children depending mainly upon his labor for support, he having but little property at the commencement of his sickness. The first dress all the time of his family was required to take care of him, and they were therefore unable to do any thing for their own support. A few of his friends interested themselves in behalf of the family, visited them often and contributed to their necessities, first of their own means and then widening the circle of contributors, and thus by the aid of a few persons, mostly hard-working mechanics, this family were carried comfortably along through his long sickness of its beloved head, and all their wants supplied, leaving them to devote all their time and attention to the relief of the one they loved, whose course was tending to the grave.—By means of this neighborly interest in their behalf, they were kept from the thousand sorrows which would have visited them if neglected, or if turned coldly over to the ranks of the public charity. Every dollar last expended for every loaf they consumed, was a sweet one, by the reflection that it was bestowed by friends whose hearts were, in one sense, in the offering.

This case suggests a duty which we all owe to our neighbors in sickness and distress. It shows what may be done by an earnest effort to do good in the performance of friendly duties. It suggests that possibly in the hurryings of business and devotion to self-interest we are all in danger of overlooking the call for friendly sympathy and for the exercise of benevolence among our own neighbors. That widow with little children, about whom you know some time since as occupying the house in the vicinity have you, during the cold winter that is upon us, visited her dwelling to learn how the widow and her little ones fared when provisions and wood are high priced and hard to be obtained? And so of other cases,—have you sought out by exploration the haunts of want and of woe, and ministered to their necessities and helped to bear a portion of their burden? Let us all think of the case we have referred to, and in like circumstances let us do likewise. By close acting, many severe pangs of suffering may be alleviated, and many desponding hearts cheered, and many blessings of the poor and those ready to perish bestowed upon the effort and the actors.

☞ Mr. J. D. Abourne will furnish a scientific and artistic entertainment at the City Hall on Friday evening, introducing the subject of Hindo miracles and various electrical and chemical experiments and other matters of interest and amusement. Mr. Abourne has been highly complimented by the press and by persons who have witnessed his exhibitions, for his pleasant experiments and the very graceful and appropriate manner which he introduces them.

The man who was injured by a circular saw at Dakin's factory a few days since has completed the amputation of his arm which it was thought he must submit to. He is recovering.

☞ The Messrs Chesor have contracted to complete three ships by the 1st of November next.

A correspondent letter the Maine Temperance Journal writing from A Quota says, that after the election of Gov. Crosby, it was agreed by common consent that he should have a Whig Council, and the Whigs in the Legislature at their caucus, put in nomination a ticket a majority of whom were Law men. What was necessary? The Fishery men and rum Whigs formed a coalition—Mr. Dole of Buxton, York county, and Mr. Pullen of Piscataqua county were on this ticket, both reliable, sound Maine Law Men—men of decided moral character, and commanding influence. The rum Whigs put their names from the Ticket—substituted two sworn enemies of the Law—and the Fishery men all trained in for the same ticket, viz: Messrs. Dow and Pullen were, in this way, put down, solely on account of their temperance principles, and two anti-Law men elected. The enemies of the Maine Law already boast, that the Executive officers of this State, are to be exclusively anti-Law men, and that legal prosecutions for violations of liquor statutes are to be defeated for want of officers to execute them."

We do not know what authority there may be for both statements, and we hope that Gov. Crosby's note will prove that there is no foundation for this boast, and that the intents that the public sentiment of the people of Maine in reference to the execution of the Maine Law, shall not be disappointed.

☞ A late correspondent suggests that the cause of the couple at the ends of proceedings at the Post-office avenue is not wholly owing to the assembling of the young people, there, although that increases the difficulty. Our correspondent insists upon it that the arrangements in the delivery are defective. There should be a separate delivery for females, and this, too, without waiting a year or two after the completion of the Custom House. This at least, might be done without costing but a trifle, a paltry one at that erected to prevent crowding, and although such one to be applied upon in turn, instead of admitting the brawny sons of strangers to be thrust upon the shoulders of fellow in order to get served before them. The accommodations at the delivery are not sufficient, however simple and accurate the men in attendance.

☞ The Oxford Democrat states that John S. Cutler Sens of Franklin county, before election disclosed and unequivocally pledged himself to vote for Morrill, provided Crosby and Morrill were sent to the Senate. The Morrill men took him at his word and elected him. He violated his pledge.

The Bangor Jeffersonian states that A. M. Robinson Sen for all locomotive is in nearly the same category. He distinctly, unequivocally and repeated y pledged himself to vote for Morrill, in the event of Crosby and Morrill being run up. He violated his pledge.

A. L. Berry, Senator of Lincoln county pledged himself to vote for Morrill if elected Senator. He was chosen on this pledge and then he violated his pledge.

☞ Samuel H. Blake, Esq., an Old Line, Democrat, remarked, in his speech on Saturday evening last in opposition to the Nebraska Bill, that although it was introduced as a political card to promote the interests of Senator Douglas to power as the President, the opposition of Sens or Hous or to the Bill was much more likely to make the latter, than the former the next President of the United States. There was much good sense in the remark, for whether the Bill or Senator Douglas passes or not, it will involve a state of pain of feeling which will centre and fasten itself upon the question of the next Presidential candidate with an intensity that cannot be resisted.

☞ We learn that a despatch was received yesterday from Boston, conveying the sad intelligence that Mr. Samuel Blake, son of Capt. Joseph Smith's second officer under his father, died very suddenly yesterday morning of apoplexy.

The ship had recently arrived from New Orleans, and the day before yesterday the family received the glad intelligence of their arrival, and that all were well. This glad news was thus suddenly changed by the affliction of so sudden a death.

State Temperance Convention.

There is to be a State Temperance Convention at Augusta on Tuesday and Wednesday the 28th of Feb. and the 1st of March. It is hoped that there will be a large gathering of the true friends of the cause and organs at the time named in order to take an active part in promoting this great and noble cause and to sustain the Maine Law and the public sentiment which shall insist upon its faithful execution in every county in the State.

Godey's Lady's Book, March, 1854.

This elegant and highly useful Magazine for March has been received. It maintains its full size, is finely embellished and illustrated, and brings before its lady readers many treasures for the mind, many useful suggestions, much to interest and entertain them. This monthly improves with age, and is a treasure in the domestic circle, and the delight of the women, and not without good reason.

A State Convention of all persons opposed to the Nebraska Bill irrespective of party is to be held at Augusta on the evening of the 1st of March and on the following day. The call for this meeting is signed by a large number of the members of the Legislature.

We return our thanks to Senator S. A. Douglas for a copy of his report to accompany his Nebraska and Kansas Bill. We shall send him in return the proceedings of the public meeting of our citizens against the iniquitous Bill.

☞ The Bangor Democrat, edited by a U. S. office holder is out in favor of the passage of the Nebraska territorial Bill.

> Whose name is signed I do not
> To a misdoing I must sing.

☞ The Jeffersonian takes grounds against the Nebraska Bill of Senator Douglas. The Democrat on the other hand is in favor of the passage of Douglas Bill.

☞ The engagements of the first order and the improvements of wood haulers are giving a capital business.

Daniel Mace, a Democratic member of Congress from Indiana, has addressed a powerful letter to his constituents upon the subject of the Nebraska movement, denouncing the repeal of the Missouri compromise as a violation of plighted faith, an outrage upon the people of the non-slave holding States, and a measure designed to exclude his constituents from the new territories."

His letter concludes as follows:

"This momentous question did not enter into the contest for Congress when you elected me. It is now both to you and me. I have felt it due to you and myself to indicate my fixed purpose. If they accord with your wishes, nothing will give me more pleasure; if not, advise me, and I will resign, and thereby enable you to elect one who will vote for a repeal of the compromise referred to. *I will never do it.*"

To the Editor of the Whig and Courier:

Sir—Wishing to verify a statement made in my remarks the other evening, which I borrowed from the current estimate, I have examined the census report of 1850, (page 114,) where I find it stated that the area of the Nebraska and Northwest Territories, (omitting the Indian and Oregon,) amounts to 774284 square miles; while that of the "Free States east of the Rocky Mountains" is about 290,059, and that of California less than 200,000; so that my statement of figures is far below this mark; and the proposed new Territory would make, instead of *seventeen*, more than *ten* Free States as large as Massachusetts.

J. H. A.

Rev. Mr. Caldwell will deliver a lecture before the Mechanic's Association on Friday evening

THAT FAST OF THE ERICSSON.—The caloric ship Ericsson went down the bay from New York, on a private trip, on Friday. The Journal of Commerce says:

"The performances of the ship were such as to afford the highest degree of satisfaction. The difficulty of making the engines air-tight, has proved to be greater than could have been anticipated; yet this is being greatly overcome. The wheels yesterday made six and a half turns to every small pressure—say one-fourth, if the maximum pressure, which, (in the word of one well qualified to know,) is intended, and which will be carried. Her cylinders are about sixty inches, instead of one hundred, as in the Collins steamers; and it is affirmed that even with the pressure already attained, supposing she was provided with cylinders of the latter dimensions, she might have been driven with any desired speed. The quantity of fuel consumed on the trip was insignificant. The time that has yet elapsed since the keel of the Ericsson was laid, is not as long as is necessary to build a customary first class ocean steamer."

BALTIMORE, Feb. 19.

The Liquor prohibition law passed the Maryland House of Delegates yesterday, by a vote of 42 to 23. It contains all the Maine Law restrictions, including the power of search, destruction of liquor, &c., and is to go into operation in May, 1856, if previously approved of by the people.

VERMONT.—A Vermont paper indulges in the following out-burst of patriotic pride: "There is but one city in the State, and not one soldier. We have no police and not a murder has been committed in this State within the last ten year. We have no museums, no crystal palaces, but we have homes, genuine homes, that are the centre of the world to their inmates, for which the father works, votes and talks—while the mother controls, educates, labors and loves—where she rears men, scholars and patriots."

THE CHINESE.—Dr. Bowring, in a lecture, lately delivered in London on the eve of his departure for the East, took occasion to say that in his opinion the empire of China is destined to fulfill a great mission, by the emigration that was going on from thence through all the eastern nations. Such was the population of China, that there was not a foot of it scarcely but was cultivated. Such was the over-population, in fact, that notwithstanding the most violent interdicts against emigration, its sea-shores were overflowing the countries of the East. In the island of Java he found 25,000 in the islands of the Indian Archipelago there were not less than 70,000 Chinese; whilst in San Francisco there had been settled 25,000 more; and a great numbers were emigrating to Australia, and the islands of Polynesia, or wherever there was a field of labor open to them. It appeares to be a law of Providence that the superior races should supplant the inferior, and we saw in the progress of time the inhabitants of the West India islands swept away—that the Anglo-Saxon population was invading and remodelling (he would not say destroying) the red Indian tribes of America. So the Chinese race was setting aside the Malay in the same way that they (the Malays) had put aside the Dyaks.

CRYSTAL PALACE.—The Directors of the Crystal Palace have decided to make the exhibition a permanent one. The number of withdrawals is said to be very small, and the display in all respects as interesting and instructive as it ever has been.

There are several societies being formed in New York, to oppose the march of the Catholic church to power; among those is the "Guard of Liberty," said to number 5 000; the "Know Nothings," about as numerous, and the "Order of United Americans," 11,000.

Statistics carefully prepared demonstrate that scarcely one-fourth of the inhabitants of Philadelphia, are regular church-goers. In Boston it has been ascertained that one-half of the citizens are stated worshippers.

William J. Hardy of Lebanon, N. H., is in jail in Pittsfield for having three wives at once. His last acquisition in that line is a widow lady with several children.

The man who is diligent in his master's work as long as when his eye is upon him—who only waits for his absence to slacken his industry, deserves not the character of an honest man. He certainly robs his master of his time, and if he continues to indulge that idle disposition, will too probably be induced, when opportunity offers, to rob him of his property.

Dried currants are not currants at all; but small grapes of the Corinth species, and the word by which they are known is a corruption from "Corinth." Thus says Prof. Mapes in the Working Farmer.

A petrified man is attracting the attention of the curious in Baltimore. It is the body of a man found buried six feet in gypsum, on the island of Johnsboe.

The man who fell below his expectations sunk on the level of popular opinion. He was more mortified than hurt: but will probably never recover his self-esteem.

☞ There are one hundred students, at the present time, in the Theological Seminary at Andover, Mass.

Which is best, to buy rain for a dollar spent in company, or a man, or a fortune by industry, energy and enterprise?

TELEGRAPHIC

FOR THE DAILY WHIG AND COURIER

SEVERE SNOWSTORM.

New York, Feb. 21.

The most severe snowstorm known for many years, extended from Washington to New York yesterday, and was also considerably felt in Boston. At Baltimore, snow is two feet deep on a level and is greatly drifted on the railroad tracks. At New York a foot and a half of snow fell. Railroad communication south is blocked up.

STEAMER AFRICA.

Steamship Africa was got off this morning. She does not appear to have suffered much injury.

CONGRESS.

Washington, February 21.

The Nebraska bill was the subject of debate in both Houses to-day. Mr. Sumner addressed the Senate and Mr. Allen of Illinois the House.

STORM—FIRE—DISASTER AT SEA.

Boston, Feb. 21 1854.

About four inches snow fell here last night, and the weather to-day is very cold.

A fire caught in the attic of Tremont House this afternoon. It was soon extinguished, but considerably damaged by water.

Schooner Eliza Ann Bryant from Pembroke, Me., went ashore last night at Nahant. The crew were saved.

Maine Legislature.

IN THE SENATE.

AUGUSTA, Feb. 18.

Mr. Prince, on leave, laid on the table an act to provide for the selection and introduction of a text book of the rudiments of agriculture into common schools. Referred to the Committee on Agriculture.

Resolve authorizing county of Washington to procure a loan, passed to be enacted.

Remonstrance of J. C. Talbot and 93 others against the petition of Jacob Longfellow, was referred to the committee on railroads and bridges.

Adjourned to Monday at 11 o'clock.

HOUSE.

Mr Bill, of Bangor, by leave, laid on the table the following:

Resolved, That the Governor and Council be authorized to audit the account of the Commissioners of Maine and Massachusetts, appointed by the Executive authority of said State, and by said Commission in 1852 and 1853, according to the provisions of the act of Massachusetts, passed Jan. 29, 1822, entitled "an act for carrying into effect certain stipulations if an act for erecting the District of Maine into a separate State," and pay one half of said amount out of any money in the treasury not otherwise appropriated.

Ordered, That the Committee on the Judiciary be instructed to inquire into the expediency of increasing the salary of the County Attorney of the County of Penobscot, and to report by bill or otherwise.

Ordered, That the Judiciary Committee be directed to inquire into the expediency of amending Sec. 4, Art. 4 of an act entitled "an act to provide for the equation of youth," approved Aug. 28 1850, so that the assessors of the towns in which a union school-house may be located shall have power to make a uniform valuation of all the taxable property lying in such school district, and to assess upon it such tax as the inhabitants of such district shall raise for the purpose of building or repairing such school house, and to report by bill or otherwise.

Papers from the Senate passed in concurrence.

Petitions were presented and referred.

Mercantile Association

Next Lecture on THURSDAY EVENING, 23d inst, by Hon. EDWARD KENT.

Subject—Brazil.

☞ Tickets at one dollar for the course, are for sale at the Bookstores.

☞ Admission to each person to allow a ticket at the door.

Doors open at 7 o'clock—lecture to commence at 7½.

J. PENNO, Sec'y.

FACES! FACES! FACES!

Why don't you call at DODGE'S Daguerreotype Saloon, No. 3 Bowman's Block, East end Kenduskeag Bridge, and get your Likeness? They do say that DODGE takes the best there is out. Feb 21 tf

NOTICE.

The Physicians of Bangor and vicinity met at Dr. Rich's on Wednesday, the 15th inst. for the purpose of organizing a Medical Society in the County of Penobscot. With the view to complete that organization, an Adjourned meeting will be held at the City Hall, on WEDNESDAY, the 8th day of March next, at 2 o'clock P. M. The undersigned were chosen a committee to give this notice, and to invite all physicians residing in the county, of regular standing, to be present on that occasion. We hope they will all make an effort to do so.

G. SEAVEY,
H. BRADBURY.

Bangor, Feb. 20, 1854 wtt 22

Dr. Darby can be consulted confidentially on all complaints at his Office, corner of Fleet and Moon sts. Boston. His mode of treatment (adopted from the London and Paris Hospitals) is universally successful. All communications strictly confidential. jan30 tf

☞ To the Ladies.—Hurd's Golden Glass, for the Hair, is a preparation which has no equal. It is highly perfumed, and imparts the finest delightful flowers. It makes the hair

SOFT, GLOSSY, AND BEAUTIFUL,

and causes it to grow luxuriously, preventing it from falling off or turning grey. It removes dandruff, prevents eruptions forming, and keeps the scalp clean, smooth and healthy. It has cured persons of such headache by a single application. Ladies who learn its value in this respect will never be without it. Price 25 cts. W. C. HURD, Proprietor, 304 Broadway, New York. S. E. PERKINS, Agent, Bangor. jan6 3m

Brewer, Jan 24 1854 tf 22

NEW YORK CRYSTAL PALACE!

EXHIBITION OF 1854.

NOTICE is hereby given, that the Crystal Palace remains open, and that the exhibition of 1854 will be as attractive and brilliant as that of the past year.

In the several departments of

ART,
SCULPTURE,
MACHINERY,
MINERALOGICAL CABINET,
RAW PRODUCTS, and
MANUFACTURED ARTICLES,

The attractions of the exhibition are such as to be worthy of the most careful examination.

IN SCULPTURE,

The Colossal Equestrian Statue of Washington, by Mascchetti, the Amazon, by Kiss; our Savior and his Apostles, by Thorwaldsen; and upwards of three hundred original works in marble and bronze by the first artists of this country and Europe.

IN PAINTING.

The Gallery contains over a hundred paintings by the principal artists of both hemispheres. It is by far the most extensive collection to the American public.

THE MINERALOGICAL CABINET,

Organized by Professor Silliman, and collected from every part of the United States and Europe, exhibits the vast mineral resources of the world, and is one of the finest in the country.

THE MACHINE ARCADE

Contains upwards of three hundred machines in motion, many of which are among the most wonderful specimens of human ingenuity.

The Agricultural Department,

Organized by Col S. P. Johnson, contains hundreds of specimens of the most curious and valuable implements used in this peculiarly American branch of industry.

The Government of the United States,

Has contributed instruments from the Coast Survey Office, and the arms of the Union.

Through the kindness of

FOREIGN GOVERNMENTS,

The choicest productions of the Royal Factories of Europe, are here exhibited.

Porcelain from Sevres and Dresden. Ancient Arms and Armor from the Tower of London, of the highest interest. Mosaics from the Workshops of the Vatican, together with countless objects from

TURKEY,
JAPAN,
SYRIA and
THE HOLY LAND
EGYPT,
THE DIFFERENT COUNTRIES of EUROPE,
NORTH and SOUTH AMERICA.

All these are contained in a Building of unequalled beauty, and of dimensions far exceeding any other in the United States.

Circulars, with further particulars, will be furnished on application to the Secretary of the Association, Crystal Palace, New York.

CITY OF BANGOR.

AN ORDINANCE *for the reorganization of the Fire Department.*

Sec. 1. Be it ordained by the Mayor, Aldermen and Common Council of the City of Bangor, in City Council assembled, that the Fire Department shall consist of a Chief Engineer, and of not more than three Assistant Engineers, and of three companies, each of which is to consist of forty men, and of such additional companies, as shall hereafter be established by the Mayor, and Aldermen.

Sec. 2. Be it further ordained, That the Mayor and Aldermen shall from time to time form such additional Engine Companies as the wants of the City may require, but no Company is to consist of forty men in number.

Sec. 3. Be it further ordained, That no person under the age of twenty-one years, shall be admitted into any company belonging to the Fire Department.

Sec. 4. Be it further ordained, That the Chief Engineer shall be elected annually by ballot in the Fire Department, and at such other times as vacancies may occur, where shortages or other causes may require.

Sec. 5. Be it further ordained, That the Chief Engineer shall have the power to appoint an many Assistant Engineers, and to designate their rank, as is subject to the approval of the Mayor and Aldermen, as there are Engine Companies.

Sec. 6. Be it further ordained, That the Firewards shall have, and exercise all the powers, and be subject to all the duties of Engineers.

Sec. 7. Be it further ordained, That the Chief Engineer shall appoint the Firemen, and shall have the power to discharge the same, But if any Fireman is aggrieved at his decision, he may appeal to the Board of Assistant Engineers who shall have power to reinstate him.

Sec. 8. Be it further ordained, That each Engine Company shall choose a Foreman, two Assistant Foremen, and a Clerk, all of whom shall be confirmed by the Chief Engineer. Each Company shall also choose a roll of its members to be kept and called after each fire, false alarm, and at each meeting of said Company, and absentees shall roll all who are absent.

Sec. 9. Be it further ordained, That each member of any company, who shall be absent from any Fire, False Alarm, or Meeting of said Company, unless for a satisfactory reason given to said Company, shall be fined as follows:—Absence from Fire, on dollar; absence from False Alarm one dollar; absence from the roll is called, twenty-five cents, and absence from each meeting of said Company, fifty cents. The Clerk of each Company, shall report quarterly to the Chief Engineer, all the absences of each member belonging to his company, and what amount is due from each member, for fines.

Sec. 10. Be it further ordained, That the Chief Engineer shall be paid, annually, the sum of five hundred dollars; each Assistant Engineer, the sum of fifty dollars, and each Fireman the sum of twenty-five dollars, on the first Monday of January of each year. Bursary Firemen who shall serve for a less time than one year, shall be entitled to pay in compensation as the Chief Engineer shall determine. The amount due from each member for fines, shall be collected from the amount due for his services. And the sums thus deducted shall be kept by the Clerk, and form a separate fund to be called "Firemen's Relief Fund," to be used for the benefit of those members who may be injured at fires, and when necessary for that purpose, may be drawn from the treasury by the Mayor, and appropriated as the Chief Engineer shall direct. And the sums thus deducted shall be kept by the Clerk, and form a separate fund to be called "Firemen's Relief Fund," to be used for the benefit of those members who may be injured at fires, and when necessary for that purpose, may be drawn from the treasury by the Mayor, and appropriated as the Chief Engineer shall direct, and economy shall be highly recommended.

Sec. 11. Be it further ordained, That on the first Monday of May annually, at two of the clock in the afternoon, the Chief Engineer, may cause out all the Companies of the department with their respective Engines and other apparatus to be stationed at the Fire Engine House, or such other place as may be designated by the Mayor and Aldermen, and the Engines and other apparatus be examined, and if any shall not be found in good repair, or in a proper condition to be used in any case of fire, the Chief Engineer shall direct, and cause the same to be repaired, under the direction of the commanding Engineer, so that the public peace, and safety be preserved from fire, and the destruction of property, and assist in the arrest of all suspected persons, for which service the Co stables shall receive such compensation as the Mayor and Aldermen may allow.

Sec. 12. Be it further ordained, That no person shall make a fire in the City to repair furnaces, or near the place where the fire may be, to thaw the Engines and other apparatus to be arranged, and worked in such manner as most effectual to extinguish the fire; to require and compel the assistance of all persons in extinguishing the fire, to remove furniture, goods, or merchandize, from any building on fire, or in danger of being on fire, and to appoint guards to secure the same, and in pulling down or demolishing any house or building, for suppressing tumults and disorder. And it shall be their duty to cause duties to be preserved through out the department in going to, working at, or returning from fires, and at all times when regulations attached to the department are on duty. And whenever any fire shall occur in either of the adjoining towns, it shall be the duty of so many of said Engineers to repair to such towns as shall have been designated for that purpose by the Board of Engineers.

Sec. 13. Be it further ordained, That in the absence of the Chief Engineer or any of his Assistants, the Engineer next in rank who may be present shall possess his powers and perform his duties.

Sec. 14. Be it further ordained, That all persons who may be present at any fire shall use the direct on of any Engineer, and render such services in extinguishing the fire and protecting property exposed thereto, in such manner as he may be required to do by any Engineer, and every person who shall refuse or neglect to do do at the request of said Engineer, shall forfeit and pay to the city the sum of Ten Dollars to be recovered in an action of debt in the name of the Engineer to the use of said City. And it shall be the duty of the Firemen to report to the Mayor and Aldermen, all such cases of refusal.

Sec. 15. Be it further ordained, That the Chief Engineer shall have the sole and entire control and management of overall engineers and other apparatus attached to the Fire Department, shall direct all proper measures for the extinguishment of fire, and protection of property, preservation of order and observance of the fire laws, ordinances and regulations. It shall be his duty to examine the condition of the Engines, and other Fire apparatus, Engine Houses, and other buildings used by the Fire Department, and all the reservoirs, wells, &c. to keep the reservoirs free from snow and ice during the winter; to superintend the building and repairing of all buildings used by the Fire Department, and all the city reservoirs. It shall be his duty to see that the Engines and apparatus are always kept clean and in order for immediate use; that, on the return from fires, they are well washed, cleansed, and oiled, and securely housed. He shall keep fair and exact rolls of the respective Engine Companies, specifying the time of admission and discharge, of each member, and report the same to the Mayor and Aldermen on the first Monday of January of each year, with their amount of fines due from each member. And on the first day of the City Clerk once in each year all the accidents by fire which may have happened within the city, and the cause thereof, so far as it can be ascertained, and the number of buildings and the value of the property destroyed or injured, and the names of the owners if known.

Sec. 16. Be it further ordained—That the City Council, by a concurrent vote, may remove Engineers and Engineers.

Sec. 17. Be it further ordained—That the Mayor and Aldermen may from time to time, keep so many Hose, Hook and Ladder, Bucket and Fire Companies as they deem it expedient, to consist of such number of members as they shall determine.

Sec. 18. Be it further ordained—That the Engineers and members of the several Companies shall wear such caps and badges as the Chief Engineer shall direct, and the Mayor and Aldermen furnish. They shall be furnished at the expense of the city, and remain the property of the city. No other person shall be permitted to wear a like cap or badges except under such regulations as the Chief Engineer may direct.

Sec. 19. Be it further ordained, That it shall be the duty of the City Marshal and Constables of the city, on an alarm of fire, to repair forthwith to the place where the fire may be, with their staves or such other badges of office as the Mayor and Aldermen shall direct, and use their best exertions, under the direction of the commanding Engineer, to preserve the public peace, and prevent the riot and destruction of property, and assist in the arrest of all suspected persons, for which service the Co stables shall receive such compensation as the Mayor and Aldermen may allow.

Sec 20. Be it further ordained, That any chimney, stove-pipe or flue, within the city and limits, or the person so setting the same or any part thereof, shall forfeit and pay the sum of two dollars. Provided, however, it may be lawful for any person to set fire to his chimney, stove-pipe or flue, in the forenoon of any day, when the contiguous buildings are wet with rain, or covered with snow. And it shall be the duty of the Engineers to report to the Mayor and Aldermen the names of all persons liable to the penalty provided by this section.

Sec. 21. Be it further ordained, That the power of making and establishing rules and regulations for the transportation and safe keeping of gunpowder, within the city of Bangor, and providing Receivers for the keeping and

THE GREATEST

MEDICAL DISCOVERY OF THE AGE!

MR KENNEDY, of Roxbury, has discovered in one of our common roots a remedy that cured EVERY KIND OF HUMOR, from the worst Scrofula down to a common Pimple — He has tried it in over eleven hundred cases, and never failed except in two cases, both of the worst kind. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a worst sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of scrofula.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure scrofula and running ulcers.

One bottle will cure scaly tetter on the skin.

Two or three bottles, warranted to cure the worst case of ringworm.

Two or three bottles are warranted to cure the most desperate cases of rheumatism.

Three or four bottles are warranted to cure the all rheum.

Five to eight bottles will cure the very worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Nothing looks so improbable to those who have not seen it as when tried all the wonderful medicines of the day, as that a common weed, growing on the pastures and along old stone walls, will make cure every humor in the system, yet it is now a fixed fact. If you have a humor it can be cured. There are no ifs or ands, hems nor ha's about it, as this cure does or does not cure. I peddle over a thousand bottles of it in the vicinity of Boston. Know the effects of it in every case. It has at each one some of the greatest cures ever done in Massachusetts. I gave it to children a year old; to old people of sixty. I have seen poor, puny, weary looking children, as those feel, soon fat and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottle will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is pound it works quite easy, but where there is any derangement of the functions of nature, it produces a very singular feelings, but you must not be alarmed—they always disappear as from four days to a week. There is never a bad result from its use. Therefore when you have that feeling it says you will feel yourself like a new person. I heard some of it cured extraordinary complaints of it that even amused me.

ORDWAY & WADLEIGH, Lawrence, Mass., General Agents for New England and exclusive Agents for New Hampshire, to whom all orders should be addressed.

C. W. ATWELL, Portland, General Agent for Maine. Sold in Bangor by G. F. Sargent, Patch & Lewis, Isaac H. Parker, Ingraham & Fuller, Gould & Harlow, and Dr. H. Knowles, and Druggists generally.

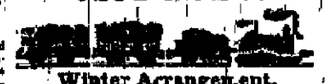
Androscoggin and Kennebec RAIL ROAD.



Winter Arrangement.

COMMENCING DECEMBER 1, 1853.

TRAINS will run in connection with Trains on the Grand Trunk Railway, as follows:

Leave Waterville at 4 40 and 11 20 A. M., arriving in Portland in season to connect with trains for Boston.

Returning—Leave Portland at 7 15 A. M. and 1 30 P. M., arriving in Waterville at 10 55 A. M. and 5 05 P. M.

Freight Trains each way daily.

In connection with the above, Trains are run to Kendall's Mills—Penobscot and Kennebec Railroad—leaving Waterville on the arrival of each train from Portland. Returning, leave Kendall's Mills for Waterville and Portland, at 11 05 A. M., and after Waterville only at 3 55 P. M. Freight train leaves Kendall's Mills for Waterville at 3 45 P. M.

Through tickets are sold between all the Stations on this Road and the principal Stations on the Eastern and the Boston and Maine Rail Roads, via Lowell. Passengers by either train arrive in Lowell same day.

Through tickets for Bangor, by Pinkham's line of Stages from Waterville, are sold at Eastern depot in Portland, at $4 00. Passengers in Boston or Lowell, for Bangor, will purchase tickets for Waterville, and receive from Conductor on the Road a ticket for Bangor, on payment of $2 80. Stages connect with trains at Waterville for all the principal towns East, and North, as heretofore.

Nov 29

The Boston Journal.

Published Daily, Semi-Weekly, and Weekly.

TERMS.

DAILY, a subscription,.....Six Dollars a year
SINGLE COPIES,.....Two cents
SEMI WEEKLY,.....Four Dollars a year
WEEKLY,.....Two "
JOURNAL FOR CALIFORNIA,.....Six cents per copy

The proprietors of the BOSTON JOURNAL, some time ago established the low prices cash plan in the circulation of their paper, and have met with a success beyond their sanguine expectations. Convinced that this course is the most profitable to themselves, their readers, and their advertising friends, they are determined to adhere to the system, and although the expenses of publishing a newspaper have increased enormously within a few years, the subscription and cash prices of the *Daily, Semi-Weekly* and *Weekly* editions of the *Journal* will remain the same as heretofore. Letters containing subscriptions, or remittances, will be received free of postage, and no agencies employed. Specimens of the several editions of the paper will be forwarded to any address, free of charge, on application.

THE DAILY JOURNAL,

Although furnished at the low rate of TWO CENTS a copy, contains MORE READING MATTER than any other daily paper in Boston. It is published

Morning and Evening,

and either edition is sure to contain the VERY LATEST NEWS received by the Mails and Telegraph to the moment of publication. It is the determination of the proprietors to make it emphatically what it is now in name of the word,

A NEWSPAPER!

and as such it will report and record the doings of all parties and men. It will give full and complete reports of the markets, and it has accurate Shipping Lists, lists of the Stock Exchange, Money Article, &c. &c. A unique and accurate Report of the debates in Congress, at the opening of the Sessions, full and complete account of Public Meetings, with reliable reports of the speeches when the occasion requires, &c. &c. In short, no reader of the Journal will miss anything in a record of everything of general interest which transpires either at home or abroad. By arrangements made to furnish EXTENSIVE CORRESPONDENCE, and by liberal use of the

Magnetic Telegraph,

the Journal will at all times be in possession of the earliest News, and by the publication of a complete paper both

MORNING AND EVENING,

this propose is made to send to

Every Mail and Express!

which leaves the city during the day, thus furnishing the news not unfrequently from 12 to 24 hours in advance of those papers which print only *one edition daily*. The subscription price of one copy of BOSTON CELEBRATED EDITION OF FIVE LARGE SHEETS, CONTAINING FIFTY-TWO THOUSAND AN HOUR, and we are thus enabled to print seven times the *largest* paper, and still supply the demand have ever large.

As a natural consequence of the success which has attended the public upon the JOURNAL, the proprietors would state to the public that the circulation of THE DAILY TIMES AS LARGE as in 1852—period of ten and five years—and in this period one of increase is larger than at any time during the last five years. To prevent disappointment to ALARGER BY THOUSANDS THAN ANY OTHER EDITION OF TWO CENT PAPER PUBLISHED IN BOSTON OR NEW ENGLAND!

☞ The Journal will be mailed or sent by express at the rates named above to any town or place in the United States or Canada.

Subscriptions to the Journal received by agents in all parts of Boston and adjoining towns, both morning and evening, and for sale at the Periodical Depots, and in all of the large towns and cities on the lines of the Railroads throughout New England.

TO ADVERTISERS.

Advertisements are inserted at fair prices, in clear type, set up in a uniform style, and arranged under appropriate heads, so as to direct the attention to the readiest manner. The great value of the Journal as an advertising medium may be inferred from the fact that ALL ADVERTISEMENTS appear on both MORNING and EVENING issues without EXTRA CHARGE; thus securing to advertisers the largest of two papers, at one price for the

Largest Circulation.

Advertisements in the Weekly, Semi-Weekly, or California Journals, will be subject to the additional charge for each paper.

THE SEMI-WEEKLY JOURNAL

is published Tuesday and Friday mornings, at four dollars a year in advance. It contains all the reading and news found in either of the Daily editions, and is valuable for so many circulation.

THE WEEKLY JOURNAL

Is made up expressly for country circulation, and contains a vast amount of miscellaneous and news matter, reports of Lectures, Speeches, &c. It is published every Tuesday morning, at Two Dollars a year in advance, two copies to a single person, a gold paper, in full type. As

A FAMILY NEWSPAPER

it has enjoyed an enviable reputation during a long series of years. Its circulation throughout New England is very large and is constantly increasing.

THE JOURNAL FOR CALIFORNIA

is made up prior to the sailing of each mail steamer, especially for circulation in California, and is a welcome visitor to thousands who have left their homes in search of fortune in the Golden State. It is sent by mail, or one of the publication office, at six cents a copy.

☞ All orders for either of the above papers should be accompanied by the cash, and addresses to the publishers,

PORTLAND ADVERTISER.

DAILY, TRI-WEEKLY & WEEKLY.

THE Publishers of the Advertiser having recently, at great expense, made arrangements for the Daily publication of

Full Telegraphic News!

simultaneously with the Boston papers, would call the attention of all who are desirous of the

Latest Intelligence!

in the hope that the Advertiser will put in every morning the same news by telegraph as will appear in the Boston morning papers of the same day. The Boston papers do not arrive in this city until noon the same day, and of course must be half a day behind the Advertiser in the same news, throughout the State.

To add the interest and usefulness of the Advertiser, a DAILY has been

MATERIALLY ENLARGED,

and its Publishers will spare no effort or expense to make it in every respect a first class newspaper.

TERMS OF SUBSCRIPTION.

DAILY ADVERTISER, $5,00 per annum,—from which a discount of ten per cent will be made if paid in advance.

TRI-WEEKLY ADVERTISER, $3,50 per annum,—if paid within the year $3,25—if paid in advance $3,00. Two copies to one address, $5,00 in advance.

WEEKLY ADVERTISER, $2,00 per annum; from which a discount of ten per cent will be made if paid in advance.

No paper discontinued until all arrearages are paid to an at the option of the publishers.

AN INDUCEMENT TO CLUBS,

AND FOR THE ESTABLISHMENT OF THE SYSTEM OF ADVANCE PAYMENT, WE OFFER

The Weekly Advertiser

FROM THE FOLLOWING TERMS:

Five copies, one year,.....$8 00
Ten copies, one year,.....12 00
Twenty copies, one year,.....20 00

In each case the paper to be sent to one address, must be paid for strictly in advance, and will be invariably discontinued at the expiration of the term of subscription. Any person who may get up a Club of new subscribers upon the foregoing terms, shall be entitled to an extra copy of the paper or himself, as long as the Club shall continue.

JAMES FREDERICK FOSTER,
MANUFACTURER OF
Ratchet and Spiral Trusses,
533 (opposite 515) Washington Street, 533
BOSTON, MASS.

ALL the various approved TRUSSES constantly on hand.

☞ Ladies waited upon by Mrs. Caroline B. Foster, who has had *twenty years'* experience in the business.

He will keep a full supply of ready-made Trusses for Gentlemen and Ladies, Youths and Infants—Abdominal Supporters of five or six different kinds such as Hulls, Chapin's Spiral, Cutter's, Etesh's Pagalls, &c., &c.

TESTIMONIALS.

The following certificate from Dr. Asha C. Warren, of Boston, was given 17 years since, but will set forever.

Boston, Jy. 6, 1853

Having had occasion to observe that some persons afflicted with Hernia, have suffered much from the want of a skillful workman to accommodate Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster to supply the deficiency occasioned by the death of Mr. Smith,—After some months of observation of his work, I am fully satisfied that Mr. Foster is well qualified with the manufacture of these instruments, and ingenious in accommodating in the variety of cases which occur. I feel no hesitation in recommending him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M. D.

The undersigned is in great pleasure to recommend to the favorable consideration of those who are afflicted with Hernia, Mr. Foster, as a skillful and competent person in the manufacture and fitting of Trusses. We have employed him in some of our twenty years) and therefore speak from personal knowledge of his abilities. He early advantages, having served his time in the business, and the large number of individuals whom he has entirely relieved of pain, render him, in our opinion, equal, if not superior, to any manufacturer of the article. His father, Dea. Orlando Foster, of Charlestown, was master of the Patriotic in that town for upwards of twenty-five years, during which period Mr. Foster availed himself of the opportunity, and made application of Trusses to a great variety of cases, with great success, some of which were of a very casual nature and distressing character.

It is with pleasure we refer to the Selectmen of Weston Town, that to great excellence consists in the adaptation of the body, at the same time relieving my patient. Any ordinary mechanic might make a Truss, but none but a skilful practitioner can apply it in such a manner as effectually, and collect to accomplish the purpose.

Our experience has convinced us that Mr. Foster has thoroughly attained this knowledge. The certificates of Dr. J. C. Warren, and other eminent surgeons, which he has shown to us, fully sustain the up above we here express.

DAVID DODGE, Weston	SAMUEL BIRNBRIDGE, Weston
NEWHALL MARTIN, "	ANSEL SMITHBRIDGE, "
JAMES R. TOWNER, "	JONATHAN LOCKE, "
SAMUEL PATSON, "	URIAH TAFTS, "

Charlestown, March 1, 1847.

The subscriber has at 1 of 9000 ranges that have brought Pensions for him within the past thirty years, in all parts of the United States.

☞ Persons ordering the above Trusses will be pleased to give the circumference of the body, at the same time referring
